M. Brandon Koplin has over 10 years marketing experience and over 5 years of commercial real estate leasing and sales experience, a Bachelors Degree from Brigham Young University in Business Management and over 469,000 square feet of listings. Brandon is also a member of the Arizona Commercial Brokers Association, the Greater Phoenix Chamber of Commerce, LoopNet, CoStar and as a part of Commercial Properties, he is associated with CORFAC an international network of commercial real estate professionals.

As a result of Brandon’s extensive work in the Central Phoenix area, Brandon has gained an acute knowledge of the people and properties that make deals. Currently Brandon is focusing on stabilizing distressed office and retail properties via lease up or liquidation. Brandon has continued to close lease and sale deals even in the toughest of market conditions. Brandon attributes his success in this industry to his core beliefs; hard work, honesty, persistence, flexibility and creativity. Brandon represents a number of local owners as buyers and sellers, landlords and tenants. “All my clients love me because I return their calls, I tell them exactly what is going on in the market, I tell them why their property is or is not performing they way they want.”

Brandon loves his work and his wife and 3 sons, he is active in non-profit and service organizations in his community, and he welcomes any property owner to give him a call to discuss their real estate needs.
