Christopher Bown joined the CPI team in 2017 as our Corporate Controller. Bown works directly with the General Manager and Corporate Accountant at CPI. He is responsible for the accounting and provides support to our ever growing company. Christopher has worked in both the public and private sector and has experience in audit, tax, forensic and managerial accounting. With his extensive background with business software systems, and an eagerness to help those around him, Christopher has become a highly valuable member of the team.

Christopher holds a Bachelors in Accounting from Northern Arizona University and a Masters in Accounting from the University of Phoenix.
